January 2, 2012

Gaetano Borriello  
Jerre D. Noe Professor of CSE  
Paul G. Allen Center  
University of Washington  
Seattle, WA 98195

Dear Gaetano,

The Division of Computer Sciences of the Department of Electrical Engineering and Computer Sciences at the University of California, Berkeley has established a Distinguished Alumni Award in Computer Science. Its purpose is to recognize valuable contributions made by the distinguished alumni of Berkeley to the field of computer science. It is my pleasure to inform you that you have been selected as one of two recipients of this award for 2012. Congratulations!

The award presentation will take place during the Berkeley EECS Annual Research Symposium 2012 (or BEARS, as we like to call it) on Thursday, February 23, 2012 at the Pauley Ballroom of the Martin Luther King Student Union near Telegraph Avenue and Bancroft Way. The Symposium will be gathered at the Pauley Ballroom from 8:45 a.m. until 12:30 p.m., and we will be sending you the specific time for your award presentation shortly. You will be presented with a plaque, and your name will be engraved on the perpetual Distinguished Alumni Award plaque, which is on permanent display in the Department.

Please RSVP for the BEARS Symposium to Heather Levien, the EECS Faculty Awards Coordinator, [heather@eecs.berkeley.edu](mailto:heather@eecs.berkeley.edu).

The University, the College, the Department and I offer you our best wishes and look forward to the award presentation. Once again, congratulations!

Sincerely,

A handwritten signature in cursive script that reads "David E. Culler".

David E. Culler  
Professor and Associate Chair  
Department of Electrical Engineering and Computer Sciences
